Reference List

Period	Client Logo	Client web address	Project	Work Description
Ongoing from Feb-19		http://www.tisparkle.com/	BLUEMED (INFINITY)	Cable Route Study and Consultancy Services for submarine telecommunication cable project. Mediterranean Sea, Red Sea, Arabian Sea.
Ongoing from Feb-17		www.saipem.com	Offshore Projects	Provision and Management of Software Engineers and Technicians for trenching operations and other offshore activities
Nov-19 – May-20		www.ree.es	MAME (Mallorca-Menorca)	Supervision of the installation and protection works carried out by NEXANS for the MAME (Mallorca-Menorca) submarine power cable project. Mediterranean Sea, Balearic Islands, Spain.
Apr-18 – May-20		http://www.tamarestelecom.com/	TAMARES	Consulting service for the feasibility and engineering studies relevant to the new configuration of the existing submarine telecommunication cable due to the new installation of pipe and platform on its proximity. East Mediterranean Sea.

		www.terna-energy.com	ST. GEORGE ISLAND WIND FARM SUBMARINE LINK PROJECT (Submarine power cable, Aegean Sea, Greece)	Supervision of the warranty survey carried out by ASSO.SUBSEA on LAVRION-St. GEORGE submarine power cable project. Greece, Aegean Sea.
2016-2018		http://www.euroasia-interconnector.com	EUROASIA INTERCONNECTOR PROJECT (Submarine power cable, Mediterranean Sea)	Consultancy Services: Supervision on behalf of EUROASIA during Reconnaissance Survey on board ODIN FINDER; Route Engineering; Crossings check and management; Issue of Technical Specs for Detailed Survey; Audit and Evaluation of Tenders for Detailed Survey.
Aug-17	confidential		confidential	Consultancy service for Burial Assessment Study for Offshore Wind Farm Export cables. North Sea
Sept-Oct 2016		www.terna-energy.com	ST. GEORGE ISLAND WIND FARM SUBMARINE LINK PROJECT (Submarine power cable, Aegean Sea, Greece)	Supervision on behalf of TERNA-ENERGY during repair works carried out by FULGOR and ASSODIVERS for the 150 kV HVAC submarine power cable (1x37km) between Lavrion and St. George Island, Greece. Vessels involved in the project: ASTREA

Nov-14 - Feb-17		www.ree.es	MAIB (Submarine power cable, Mediterranean Sea, Spain)	Supervision, reporting and management of the entire project on behalf of REE during installation and protection works carried out by NEXANS and PRYSMIAN for the 145 kV HVAC submarine power cables (2x100km) between the Balearic Islands Palma de Mallorca and Ibiza (MAIB Project). Vessels involved in the project: C/S ATLANTI, C/S SKAGERRAK; DPV ELEKTRON; DPV ARGO-1; DPV ASTREA
Feb-Apr 2016	confidential	-	-	Burial Assessment Study for Submarine Power Cables installation
Sept-Dec 2015		www.terna-energy.com	ST. GEORGE ISLAND WIND FARM SUBMARINE LINK PROJECT (Submarine power cable, Aegean Sea, Greece)	Supervision on behalf of TERNA-ENERGY during installation and protection works carried out by FULGOR and ASSODIVERS for the 150 kV HVAC submarine power cable (1x37km) between Lavrion and St. George Island, Greece. Vessels involved in the project: C/S ATLANTI and DPV ASTREA
October 2014		www.saipem.com	BURULLUS ph.9a (Trenching ops, Mediterranean Sea, Egypt)	Trenching Superintendent on board DP BAURBON PEARL during trenching activities using FLEXJET II machine on Power/Data Subcable. Client: SAIPEM UK.
July-Aug 2014		www.saipem.com	KIZOMBA PH 2	Supervision assistance and management during carousels equipment mobilization (loading of equipment from SAIPEM Base in Rotterdam to M/V.FRAUKE) and during the spooling of umbilicals @ Oceaneering Base in Panama City, Florida, USA.
Feb-Dec 2014		www.saipem.com		Rental of Crawler Crane LIEBHERR LR 1160 to be used on board the SWTB "BAUTINO" operating in Caspian Sea. Client SAIPEM SpA (Italy) Astrakhan Branch.

Nov 2013 –Jan 2014	 	www.gas-survey.com www.terna.it	MONITA (Italy-Montenegro Submarine Power Cable Mediterranean Sea)	Route engineer on board R/V ODIN FINDER during preliminary survey relevant to MONITA Project (Italy-Montenegro Power Cable). Approx 2x240km length from 150m to 1200m water depth engineered. Client: GAS/TERNA
June-July 2013	 	www.saipem.com	BIEN DONG II (Trenching and Backfilling, South China Sea, Vietnam)	Trenching Superintendent on board DP JAYA CRYSTAL during trenching and backfilling operations using FLEXJET II machine on Power/Data Subcable, 3" and 7" Flexibles, 6" Umbilicals and 12" Pipe. Client: SAIPEM UK
July 2012 – April 2013	 	http://www.dmcltd.com/ http://www.dolphinoffshore.com/	ONGC - power to ESP (Submarine power cable, Indian Ocean)	Project management and Offshore Superintendent during loading and installation of 12 power cables segments between platforms in Mumbai High field. Client DMC/DOEIL; Main Client ONGC
Jan-Feb 2013	South-East Asia – Japan (SJC) Consortium 	www.axiom.fr	SJC (Submarine fiber-optic cable, South China Sea Sea)	Client Rep on board M/V MIRAERO during PLIB operation of the SJC Segment 10 (Hong Kong - BU5) and 12 (Shantou-BU6) fiber-optic submarine cable
October 2012	 	http://www.litc.ly/ www.axiom.fr	SHILPIUM (Submarine fiber-optic cable, Mediterranean Sea)	Client Rep on board C/S TELIRI during repair operation of the SILPHIUM (Libya-Greece) fiber-optic submarine cable
July 2012 -in progress	confidential	-	-	Safety (ISM Code) and Security (ISPS Code) consulting service for an Italian Ship Owner
July 2012		www.mednautilus.com	INGL (Pipeline, Mediterranean Sea)	Supervision on behalf of the submarine cables owner for the activities related to the Rock Dumping operations carried out on the INGL Pipe in proximity of the cable crossing by INGL and its sub-contractors with vessels FFPV DPV TERTNES

Feb-June 2012	 ATLANTICA S.p.A. di NAVIGAZIONE	http://www.grimaldi.napoli.it/en/atlantica_di_navigazione.html	EUROCARGO VENEZIA (Mediterranean Sea, Italy)	Supervision on behalf of ATLANTICA S.p.A. DI NAVIGAZIONE on board RV MINERVA UNO and DPV SENTINEL of the activities related to the identification and recovery operations of the cargo lost at sea by EUROCARGO VENEZIA vessel
February 2012	confidential	-	-	Risk and Burial Assessment Studies for Submarine Power Cables Project
June-Dec 2011		www.mednautilus.com	TAMAR (Pipeline, Mediterranean Sea)	Supervision services on behalf of submarine cables owner for the activities related to pipes installation works carried out in proximity of the cable crossings by NOBLE ENERGY and its sub-contractors with vessels EDT EAS, CALAMITY JANE, HIGHLAND ROVER and HIGHLAND FORTRESS
